Sir:

I, Narendra R Thappeta, declare as follows:

1. I am the attorney who prepared and filed (with the US Patent Office) the above-identified patent application.

2. On or around December 19 2003, I received an order from Mr. Suprio Dasgupta, Legal Counsel at Honeywell International Inc., to prepare and file the above-captioned patent application.

3. On or around December 22 2003, I met Mr. Gopinath Chappidi and received information on the technology.

4. Between December 22 2003 and February 15 2004, I reviewed the information received from the inventor, drafted the application partially and sent follow-up questions to Mr. Chappidi requiring additional information and/or clarification.

5. On or before December 22 2003, I was assigned at least 4 other matters from the same client (Honeywell International Inc.), which I had to work on in parallel between December 22 2003 and February 15 2004. I was the only attorney in my business in that duration with the competence to draft the application to the standards expected by the client, and had to personally work on all these cases (though possibly with the assistance from an engineer with limited training).
